Creating Bathrooms For Generations

PROUD MADE IN BRITAIN MEMBERS

All of our furniture is manufactured in the UK and we are proud members of Made In Britain.

Made in Britain is “the official collective mark for British manufacturers and is registered with UKIPO across 36 product classes. The Made in Britain collective mark unites the British manufacturing sector and helps consumers; buyers and specifiers identify products that are made in Britain.”

Atlanta Bathrooms are also members of the BA (Bathroom Association). The BA acts as an information link between the bathroom industry, the government and consumers on all issues that affect the industry here in the UK.

Quality

EST. 1964

Our organisation's reputation is built on the superior quality of our products. Thorough inspections are conducted at every stage of production. Our quality management system, certified to ISO 9001:2015, encompasses all aspects of our business.

Environment

ISO 14001 CERTIFIED

BeModern® Ltd. manufacture all of our furniture at our facilities in the North East of England. Our environmental management system is certified to ISO 14001:2015 standards, outlining our commitment to continually improve our environmental performance.

Award Winning

SUSTAINABILITY AWARD WINNER

We're proud to have won the Sustainability Award from the Bathroom Association (BA), recognising our commitment to a more sustainable future in the industry.

Sustainability

FOREST STEWARDSHIP COUNCIL CERTIFICATION

BeModern® Ltd.'s full Forest Stewardship Council® (FSC) Chain of Custody Certification is a testament to our commitment to sustainability in the furniture industry. This certification assures consumers that every timber product used in their furniture is responsibly sourced from forests managed in accordance with stringent environmental, social, and economic criteria laid out by the FSC®.

FSC® labelled products not only signify responsible sourcing but also reflect considerations for the well-being of people, wildlife, and the environment.

Linara

— VANITY FURNITURE

CURVED EDGE CHARM & FLUTED FRONT DETAILING

Introducing the Linara Vanity range by Atlanta Bathrooms - a contemporary masterpiece in bathroom furniture design. Combining soft, sculpted curves with fluted front detailing, the Linara offers both visual elegance and practical storage versatility.

Available in a range of sizes and styles - from floorstanding to wall-mounted - it's designed to maximise space while bringing a sense of modern sophistication to any bathroom.

Choose from two natural woodgrain finishes complemented by Dust Grey internals, creating a refined and versatile colour palette.

Finished with your choice of Chrome, Brushed Brass, or Matt Black handles, and matching legs for floorstanding options, every detail of Linara is crafted for seamless, stylish integration.

VANITY FURNITURE

ELEGANCE WITH SEAMLESS STORAGE SOLUTIONS

Introducing the Contempo Vanity range - a sleek and modern solution for your bathroom space. This crisp, clean, and contemporary collection features both wall-mounted and floor-standing units with seamlessly integrated basins. With five exquisite finishes to choose from, you can effortlessly tailor your bathroom to reflect your personal style. The attention to detail is unparalleled, boasting anthracite drawer boxes, perfectly matching cabinet internals, and exquisitely finished fascias and cabinet sides.

Combining convenience and luxury, these units come with pull-to-open, soft-close drawers that glide smoothly and offer easy adjustment for a customised fit. The sleek ceramic basin and stylish aluminium Brushed Silver decorative rail add a touch of elegance, with optional rail finishes available in Brushed Black or Brushed Brass. Designed to elevate both the look and functionality of your bathroom, the Contempo Vanity range is the ideal choice for modern living.

Classic Fitted

————— FITTED

SOPHISTICATION AND ELEGANCE, FOR ANY SPACE

Dive into refined luxury and enduring style with our Classic Fitted Collection, where modern construction and timeless elegance converge to create the perfect bathroom look. The squared elegance of the routed design and soft lines framing the cabinets justify the name Classic.

Crafting intimate en-suites, cloakrooms, or spacious family bathrooms has never been easier with the Classic Fitted Collection. Whether you prefer angular square units or delicate curved

fronts, our extensive array of sizes ensures a perfect fit. The matching basins complete the cohesive look.

Choose from a vast range of modern colour finishes, each meticulously crafted to harmonise seamlessly with various design concepts. To complete the look, select your internal colour - Natural Oak or White Matt finishes.

Guarantees & Conditions

GUARANTEES

Our lifetime guarantee covers our furniture against faulty materials or manufacturing defects. This is offered provided our products have been installed and maintained in accordance with our installation and product care instructions. All products should be fitted in accordance with local by-laws and in line with good plumbing practice. Any electrical products should be installed by a qualified electrician.

Our lifetime guarantee excludes sanitaryware, handles, taps, mirrors, lights or any electrical or moving components. It does not cover normal wear and tear, which naturally and inevitably occurs during normal use.

The guarantee, which applies to the UK only, is limited to domestic use of the products and to the original homeowner. The guarantee is non-transferable between homeowners.

When installing any timber products in a bathroom environment it is important to provide adequate ventilation (such as an extractor fan). This prevents the build-up of condensation, which may be harmful to your product.

It is important that a waterproof sealant is used on all cut or raw edges and particular attention should be given to areas around the basin and bath. Failure to comply with these recommendations may invalidate your guarantee.

To activate the guarantee register online at www.bemodern.com/atlanta-bathrooms/support/guarantee. Within 60 days of purchase (otherwise a 12 month statutory guarantee applies) This guarantee does not affect your statutory rights.

In the unlikely event that the product fails within the stated guarantee period, we will offer a replacement or replacement parts (or nearest equivalent). Liability is limited to individual products and does not cover consequential loss, damages or further installation costs involved. Any guarantee claims should be made in writing to the Customer Service Department enclosing a copy of the original invoice.

Other Product Guarantees (against material and manufacturing defects)

- 10 years; Solid surface countertops
- 5 years; Ceramic sanitaryware and cast mineral basins, Mirrors, including those on mirrored doors,
- 2 years; Toilet seats
- 1 year; Illuminated mirrors and cabinets, Electrical fittings and components, Brassware, sprung pop-up wastes and shower kits, Cisterns (note that customers will be referred to the cistern manufacturer to resolve any issues with cisterns)

GUIDELINES FOR CARE & MAINTENANCE

FURNITURE & MIRRORS

Wipe up spills and condensation immediately with a clean cloth. We recommend that furniture be cleaned with a damp cloth, and then dried. Avoid using cleaners or polishes that contain abrasives, solvents, acid, or ammonia.

CAST MINERAL BASINS

Clean with a damp cloth, water and soap or very mild detergent, rinse, and polish with a soft cloth. Avoid using cleaners that contain abrasives, solvents, acid, or ammonia. Do not use caustic soda or bleaches. Full care instructions are included with the washbasin.

BRASSWARE

Chrome, Black and Brushed Brass finishes should be cleaned with warm water and a soft cloth, rinsed, and then dried immediately. They should then be buffed with a dry, clean, soft cloth. Due to the nature of different materials used in the production of basin and bath shower mixers, there may be slight variation between components. On no account should any bathroom cleaner be used as these contain chemicals that are corrosive to brushed surfaces.

ADDITIONAL INFORMATION

FURNITURE

All timber finishes are wood effects. Although great care is taken in choosing matching finishes there may be some variation due to the different materials, suppliers, batches, and manufacturing processes used. The apparent colour of finishes may also vary under different lighting conditions, especially under artificial light.

TOLERANCE/PRODUCT DIMENSIONS

Due to the nature of materials and production processes the dimensions may vary within a tolerance of +/-2mm on furniture, +/- 2% on cast mineral basins, +/-5% on ceramic products. Cast basins are designed and guaranteed to be used with hot water up to a maximum temperature of 65°C. This temperature must not be exceeded. The surfaces of ceramic products may contain imperfections. Sanitaryware may carry branding from relevant manufacturers.

INSTALLATION

It is important that a waterproof sealant is used on cut or raw edges and particular attention should be given to areas around the basin and bath.

COLOUR REPRODUCTION

Colour reproduction is as accurate as possible within the limitations of the printing process. Also note colours will vary under artificial light.

ALTERATIONS TO MATERIALS & SPECIFICATIONS

The BeModern® Group policy is one of continual improvement and development, we therefore reserve the right to alter materials and specifications without notice.

DELIVERY

The team at BeModern® takes pride in what we do and the services we provide. We aim to deliver 90% of our own manufactured products directly to retailers using our BeModern®-trained delivery team, ensuring first-time and on-time deliveries (subject to stock availability).

BeModern® goes the extra mile when it comes to service, which is why we are improving our service levels and communication from February 2025. On the day you place an order with BeModern®, you will receive an order acknowledgement, providing peace of mind that your order has been correctly received. Your order will then be scheduled for despatch, after which you will receive a second confirmation detailing the delivery date (usually within 48-72 hours of receipt of your order). Finally, upon despatch, you will receive a third confirmation notifying you that the goods have left our warehouse.

All the above, including delivery, will occur within 3-5 working days following receipt of your original order. This applies to all Atlanta-branded products (subject to stock availability).

If you require urgent items, we offer a 48-hour carrier service (72 hours for selected postcodes) for selected items, subject to stock availability. The charge for our carrier service is £15 for items under 30kg and £55 for items over 30kg. Please speak to your BeModern® sales team for further details. The following postcodes may vary between 3-5 days:

AB, IV, KW, PA, PH, LL

DAMAGES & RETURNS

All products should be inspected upon delivery, and any damages must be reported within 28 days of receipt or prior to installation (whichever comes first). BeModern® operates a pre-installation no-quibble guarantee. Goods that are damaged may be returned to the company, provided collection authorisation is received (according to our conditions of sale - details available at www.atlantabathrooms.com).

Our products are sold on a supply-only basis, and our guarantee does not cover installation, or any consequential costs incurred due to product faults or defects.

The pre-authorised return of non-faulty products that are no longer required will be subject to a re-stocking charge and must be returned in suitable packaging for resale.

BeModern® hold design copyright and registration of design for its product ranges. BeModern® are continually striving to improve and develop their range of products. It is important, therefore, to check details before ordering as sizes and specifications may change without prior notice. Whilst every effort is made to ensure accuracy and colour, it is not always possible to obtain perfect reproduction because of the materials and printing processes used and you may find that shades, grain markings and marble effect colouring are not consistent.
