COLLECTION

E&H ELGIN&HALL | FLARE | PRYZM

MADE IN BRITAIN®

HEATING HOMES FOR GENERATIONS

Welcome

Discover a curated collection of stunning FLARE and Pryzm fires and fireplaces & Elgin & Hall micro marble surrounds, designed to bring warmth, style and atmosphere to your home.

From timeless elegance to bold contemporary design, each fireplace combines innovative technology with exceptional craftsmanship. Expertly manufactured and hand-finished in premium marble and timber, our collection offers distinctive centrepieces designed to complement every interior.

Explore the FLARE, Pryzm and Elgin & Hall range and find the perfect fireplace to transform your living space—bringing together comfort, character and effortless style.

MADE IN BRITAIN®

E&H EST. 1948 ELGIN&HALL BRITISH MADE | FLARE | PRYZM

bemodern® history so far

1963 — Began as Modern Trends manufacturing fire surrounds in Sunderland from a 5000sq.ft factory

1964 — Business incorporated as **BeModern®**

1967 — Expansion of **BeModern®** leads them to move to larger premises in Nile Street, South Shields

1970 — Continued expansion leads to purpose built premises in Western Approach, South Shields

1982 — **BeModern®** moves into the retail sector with the acquisition of Academy Crafts selling kitchen furniture

1988 — **BeModern®** celebrates 25 years as a British manufacturer

2001 — **BeModern®** acquires current Shaftsbury Avenue site and commences manufacture of marble surrounds (later extended in 2004 & 2013)

2006 — **BeModern®** acquired design and product rights of Elgin & Hall - manufacturing hand painted, individually crafted fire surrounds in our Marcraft factory

2009 — **BeModern®** acquires Broseley, to extend product choice into multifuel, electric and gas stoves (later merged with FLARE 2021)

Check the chimney or flue

All gas fires require a chimney or flue to safely vent gases outside.

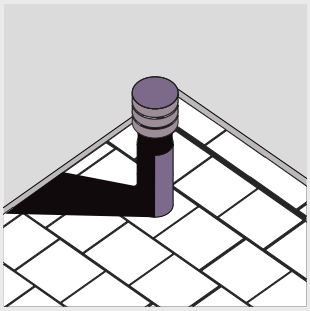

Use the guide below to identify your flue type and find the right fire. If you're unsure, please contact an approved retailer for advice.

Brick Chimney | (Class 1)

A conventional chimney rises above the roofline and usually has a pot or gas terminal.

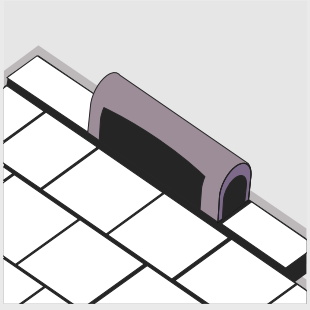

Suitable for all our gas fires

Pre-Fabricated Flue | (Class 2)

Identifiable by a metal flue and terminal on the roof this flue system.

Suitable for all 16" Exclusive / Devotion or Cast Stove Trim

Pre-Cast Flue

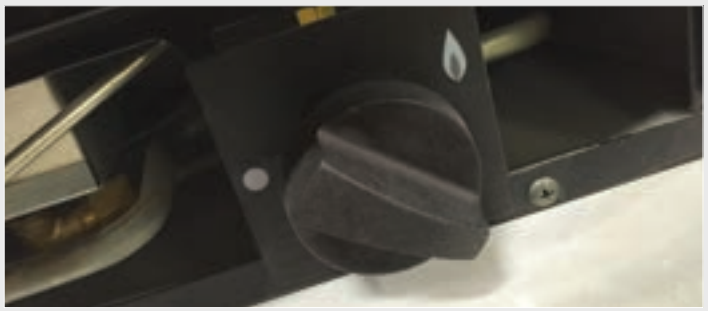

Identified by a ridge vent on the roofline. Built from concrete or clay blocks usually within the wall cavity.

Suitable for Radiant Slimline or Radiant Deepline gas fires.*

**Radiant Deepline suitable when installed with a 75mm rebated fire surround*

Ease of Operation

All gas fires feature Smartslide Control for easy ignition and flame adjustment, conveniently mounted on the side of the fire.

For a traditional gas fire, choose an open-fronted model with manual controls, discreetly concealed behind the fret for easy flame and heat adjustment.

3 YEAR WARRANTY

5 YEAR WARRANTY

All gas fires are supplied with a 3 or 5 year warranty†

Terms & Conditions apply

All gas fires are rigorously tested and checked by our internal Quality Control Department to the latest ISO standards before being sent to our approved retailers.

All gas fires are supplied with a 3 or 5 year warranty providing you with the reassurance and peace of mind that you have purchased and installed a high quality product.

A safe fire in your home

Quality Approved
All gas fires are made in accordance with Quality Management System Standard ISO 9001.

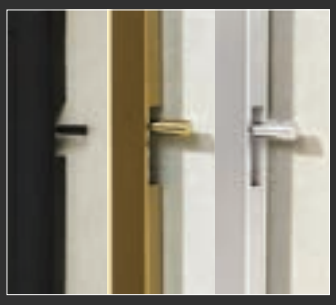

Flame Failure Device
All gas fires are fitted with a device which ensures that in the event of the flame going out during operation, the gas supply to the fire is cut off.

Oxygen Depletion Sensor
All gas fires feature an Oxygen Depletion Sensor that cuts the gas supply if oxygen levels fall too low or the flue is blocked.

GAS safe™ REGISTER

Fire Additions

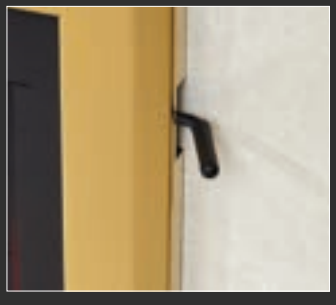

Suitable for 16" Exclusive / Devotion or Cast Stove Trim

Matching Handle
Available in Black, Brass or Chrome finish.
Black handle supplied as standard

Xtra Canopy
A canopy kit designed to raise the efficiency of the fire by up to 8%.

Easy Grip Handle
Easy-grip handle is available, making ignition and heat control easier.

Optional Spacer
Fits to the rear of the fire, reducing depth by 25mm. Ideal for pre-cast flues with limited space.

3 YEAR WARRANTY

5 YEAR WARRANTY

All gas fires are supplied with a 3 or 5 year warranty†

Terms & Conditions apply

† 12 Month warranty on Elsie 900 model

For over 60 years, Be Modern has manufactured fires and fireplaces to the highest standards. All gas fires are rigorously tested by our Quality Control Department to the latest ISO standards before reaching approved retailers.

Every gas fire comes with a 3 or 5-year† warranty for added peace of mind. Fires are fitted with an Oxygen Depletion Sensor, which automatically shuts off the gas supply if oxygen levels are too low or the chimney/flue is blocked.

Gas fires must only be fitted or serviced by a Gas Safe Engineer.

GAS safe™ REGISTER

Caring for your fire

Our gas fires are designed to provide efficient heat and reliable, hassle-free operation. For safe use and long-lasting performance:

1. Only use a Gas Safe Engineer for installation or servicing.
2. Never attempt to remove or service the fire yourself.
3. Have your fire serviced and safety checked annually.
4. If you suspect a gas leak or carbon monoxide, act immediately and follow gas emergency advice.
5. If in doubt, contact a Gas Safe Engineer or your local fireplace retailer.

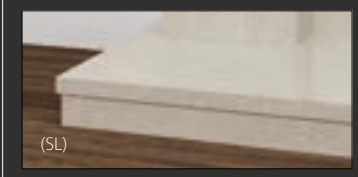

Under mantel LED lighting

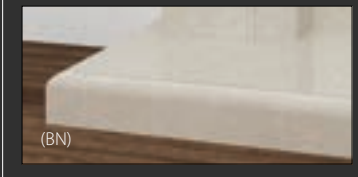

Under-mantel LED lighting highlights the natural detail of the micro marble, creating a soft, elegant glow. Concealed within the surround, it adds an energy-efficient feature available across the Marble range.

BeModern® hold design copyright and registration of design for its product ranges. BeModern® are continually striving to improve and develop their range of products. It is important, therefore, to check details before ordering as sizes and specifications may change without prior notice. Whilst every effort is made to ensure accuracy and colour, it is not always possible to obtain perfect reproduction because of the materials and printing processes used and you may find that shades, natural grain markings and marble colouring are not consistent. © BeModern® Oct 2026
