REVOLUTIONIZING FLAMES

ELECTRIC FIRE & FIREPLACE COLLECTION

www.pryzmfires.com

WELCOME

A PRYZM fireplace can be a valuable and stylish addition to your home. Since our parent company's founding in 1964, we've grown steadily from our base in the North East of England. Every product is designed in the UK by our in-house team.

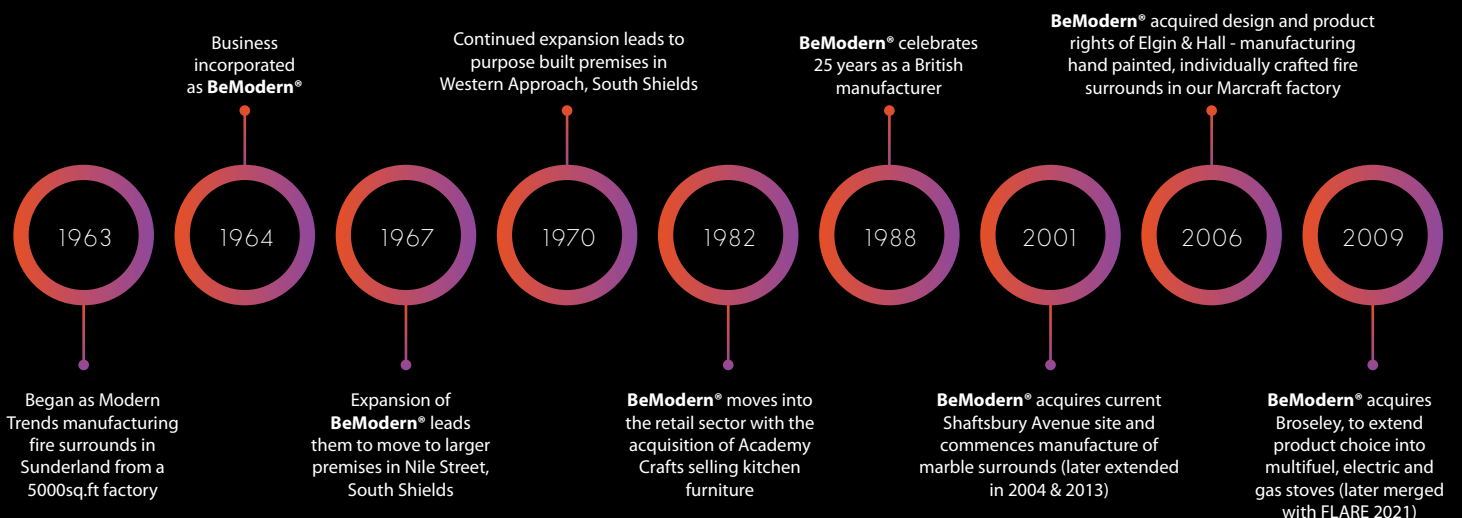

With over 60 years of innovation, we offer a wide range of fires and fireplaces to suit any interior, always reflecting our core values of elegance and simplicity. Their timeless appeal ensures they complement your décor for years to come.

Our fires are engineered, produced, and tested for top performance and reliability. We combine cutting-edge technology with traditional craftsmanship—hand-finishing each marble or timber piece to perfection. This blend of innovation and heritage makes each PRYZM fireplace truly unique.

As part of the BeModern® Group we manufacture a range of products in house, to include, surrounds, fires and fireplaces in marble and timber, as well as steel and cast stoves. Atlanta Bathrooms, our bathroom range, suits both the traditional and contemporary home.

UNIQUE FLAME & FUEL BED EFFECTS

SIT BACK, RELAX AND PREPARE FOR A SPELLBINDING PERFORMANCE AS YOU BRING THE PRYZM TO LIFE WITH ONE CLICK OF THE CONVENIENT REMOTE CONTROL.

WHY CHOOSE A PRYZM FIRE? MODERN INNOVATION FOR EVERYDAY LIVING

INNOVATION

- Quick, clean installation against any flat wall
- No building work required
- Arteon & Volta models designed for inset or hole-in-the-wall installations

BRITISH STANDARDS

- Rigorously tested for quality, safety, and environmental performance

ECO DESIGN COMPLIANT

- Instant heat (1.5kW or 2kW)
- Ideal for supplementing central heating or heating a single room
- Flame-only mode for ambiance without heat

DESIGN REGISTRATION

- Industry-first 5D flame effect for ultra-realistic visuals
- Unique surround designs for a truly exclusive fireplace

REMOTE CONTROL

7 DAY PROGRAMMABLE THERMOSTAT

MULTI LED EFFECT FUEL BED

- Distinctive fuel bed
- Ambient light beneath pebbles
- Glowing ember effect
- Select your desired hue
- Experience up to 13* colour options on rotation

PROGRAMMABLE

- Daily and weekly programmable
- Auto-off at schedule end
- Auto-off when room reaches warmth level.
- Advanced mode to override schedule

5D FLAME EFFECT

- Three entrancing flame effects
- Realistic log bed

CONTROLLABILITY

- 7 Day Programmable Thermostatic remote control
- Smartphone App Control †

TIMER FUNCTION

- Auto-off after set period

OPEN WINDOW SENSOR

- Auto-off with 'Window Open' warning.

Image shown is from the Arteon 3SL with Standard log bed.

UNIQUE FEATURES

-  Up to 2kW or 1.5kW* heat output
-  5D flame effect with three flame colour settings
-  A multi - LED effect fuel bed with up to 13¹ colour options and rotation setting
-  7 Day Programmable Thermostatic remote control
-  Eco Design Compliant
-  Realistic, hand painted, loose log display
-  Down lights illuminate the loose logs
-  Panoramic glass screen for optimum flame performance
-  Glowing ember effect

ARTEON: 3 SIDED GLASS ELECTRIC FIRE

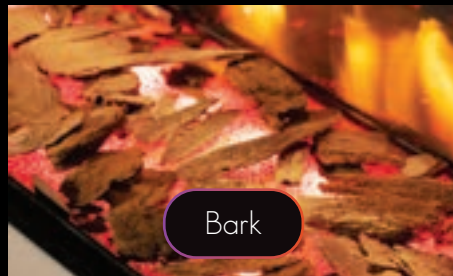

YOU'RE IN CONTROL WITH ENDLESS POSSIBILITIES.
CREATE YOUR ULTIMATE BESPOKE CENTREPIECE

The Arteon 3-sided inset electric fire offers versatile 1, 2, or 3-sided installation in three landscape sizes (1000mm, 1250mm, 1500mm) and two portrait sizes (600mm, 750mm). Its panoramic design features 5D flames, glowing embers, a hand-painted log display, and a multi-LED fuel bed with dimmable colours and rotation.

Downlights highlight the logs, and you can customise the fuel bed with included pebbles, bark, slate, and crystals. An optional LED mood lighting kit pairs with the remote controlled fuel bed lights.

INSET HOLE IN THE WALL ELECTRIC FIRE

A BREATHTAKING DISPLAY OF
DRAMATIC FLAME EFFECT AND
LIGHTS BRINGS THE ARTEON
TO LIFE

The Arteon 3-sided electric fire offers flexible 1, 2, or 3-sided installation straight from the box.

Its innovative design and 5D flame effect create a striking focal point, enhanced by a shimmering, customisable fuel bed. Choose from hand-painted loose logs with crystals, pebbles, slate, and bark (1000-3SL & 1250-3SL) or split logs (1500-3SL), with smoked crystals and bark for added depth, all lit by downlights.

Optional mood lighting and 13 dimmable fuel bed colours are easily controlled via the 7-day programmable thermostat remote and delivers a cosy 1.5kW heat output for year-round ambiance.

MEDIAVUE

PRE-BUILT MEDIA WALL FIREPLACE FURNITURE

The MediaVue is a premium pre-built media wall fireplace designed for effortless DIY installation. Featuring a luxurious 1.5m wide three-sided electric fire, it brings contemporary elegance and warmth to any living space.

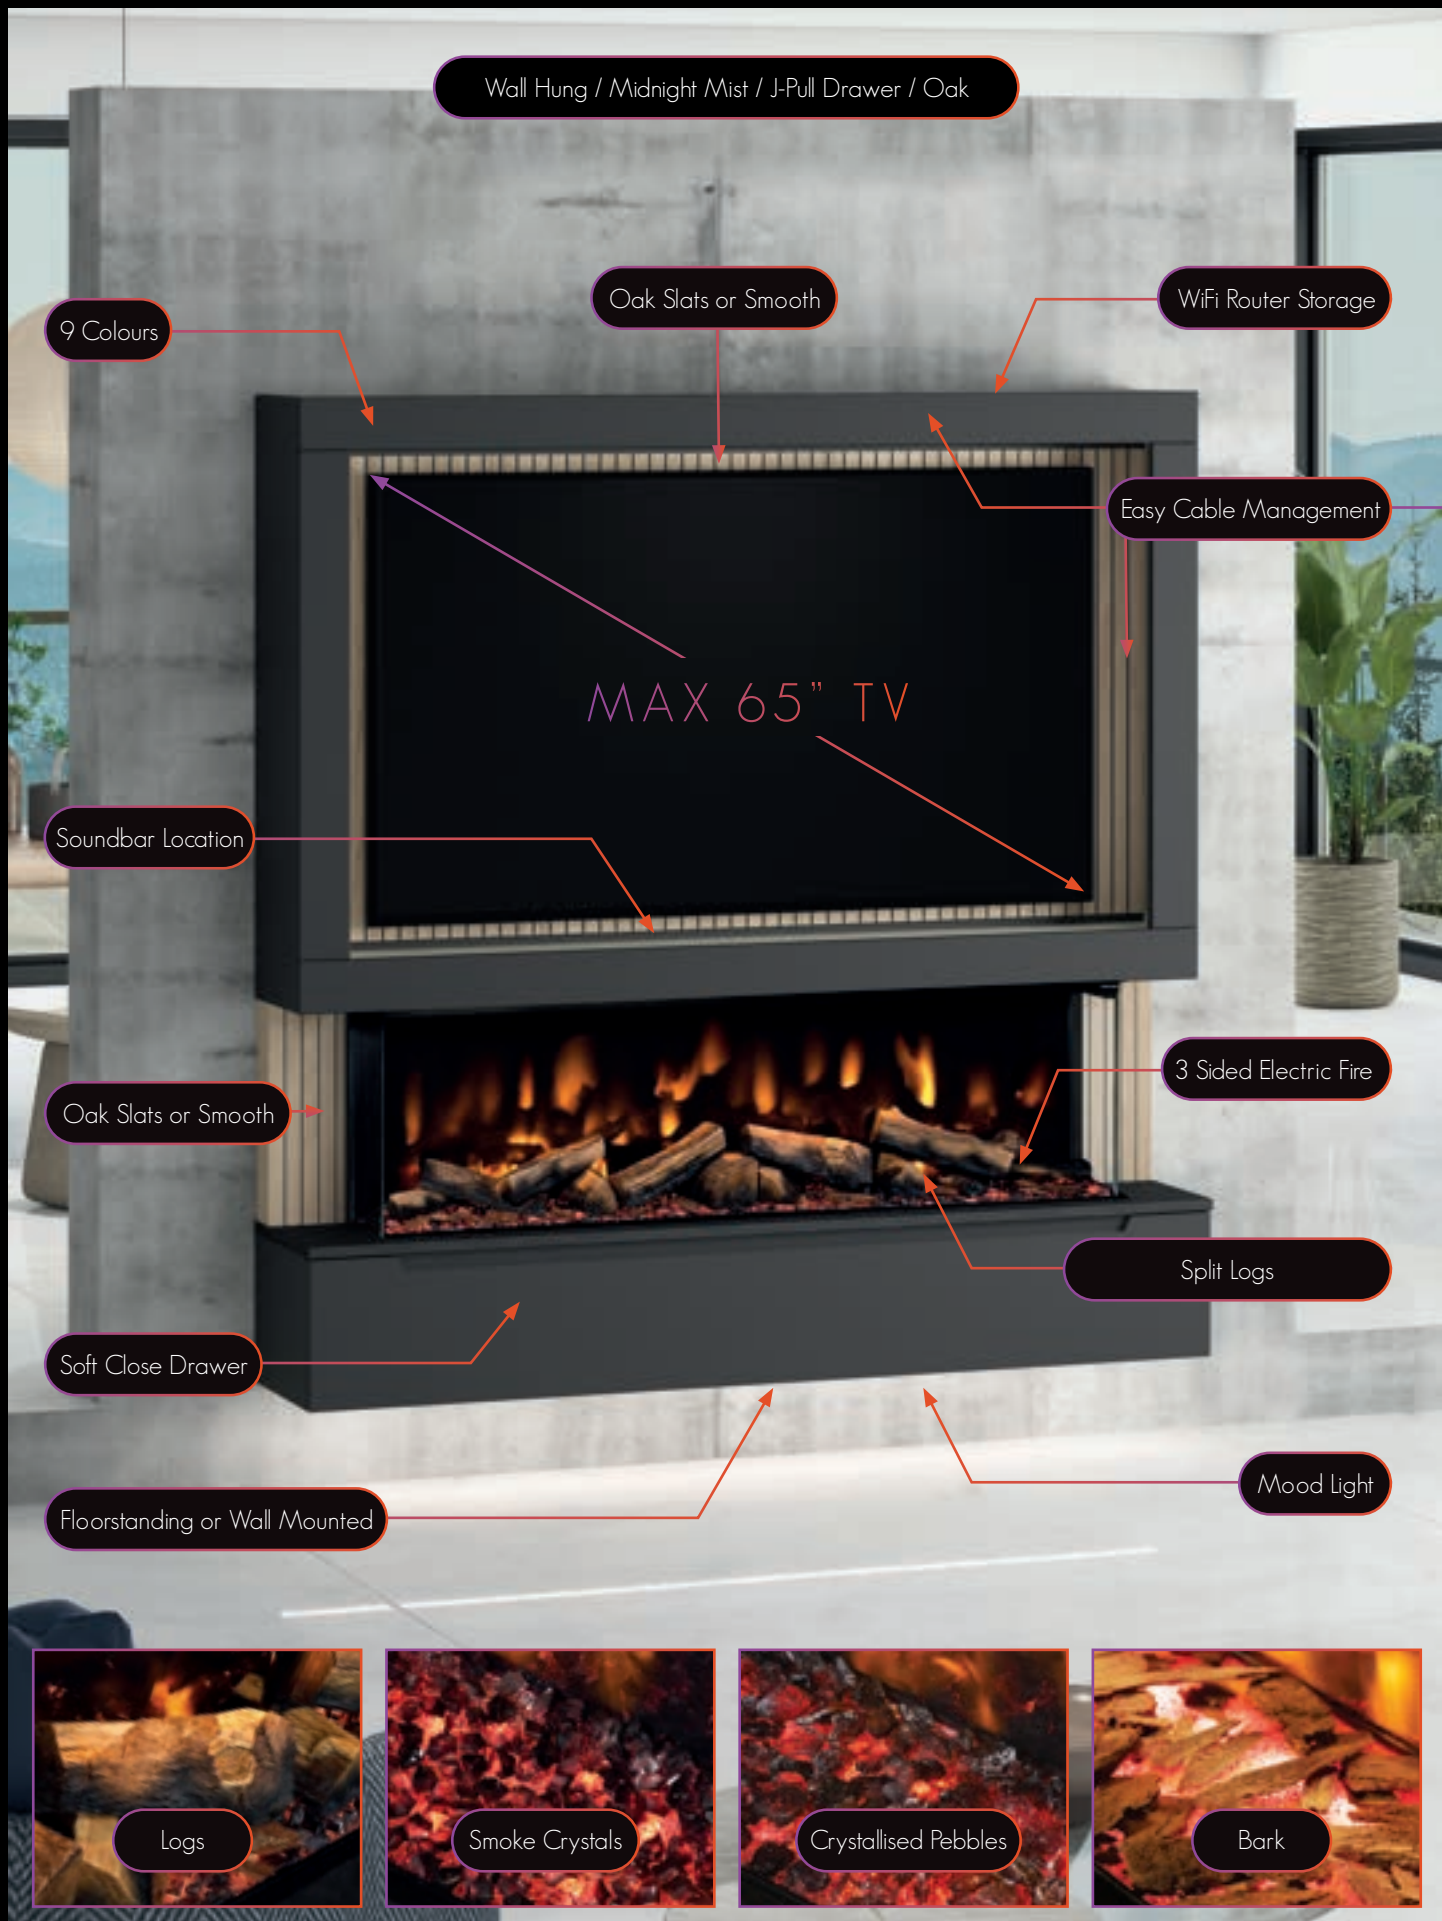

Available as either a floor-standing or wall-mounted unit, the MediaVue comes in nine modern matt colour options, with the choice to add on-trend Oak Panelling for extra texture and style. It's purpose-built to house your TV and soundbar, keeping unsightly cables hidden and your setup streamlined.

The integrated soft-close drawer is available in two stylish designs and includes three internal compartments—ideal for storing remotes, gaming controllers, and other accessories. Customise your finish with either a slate or marble-effect top, both in a refined matt texture for a sophisticated touch.

For added ambiance, optional LED mood lighting can be installed below the wall-mounted unit or behind your TV—all seamlessly controlled via the fire's remote for a sleek, unified experience.

TECHNICAL / OPTIONS

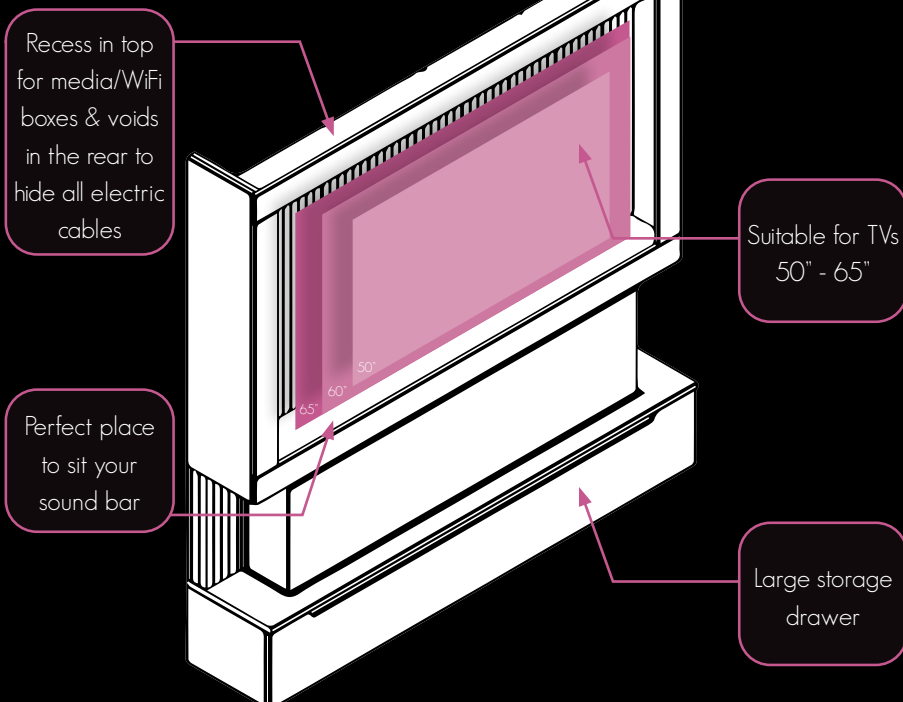

The MediaVue has been designed to effortlessly fit in most spaces with a simple and swift installation.

With space to house TVs up to 65" and a ledge for your soundbar, the MediaVue is 1.83m wide & 1.97m tall (floorstanding) / 1.88m tall (wall mounted).

You'll need an appropriate TV bracket to secure your chosen TV either onto the provided back panel (if it's suitable for bracket type) or onto the rear wall. If you choose to fix it to the rear wall, you'll need to cut a hole in the back panel.

TV & Bracket not included.

PRYZM:

DEFIANT IN STATURE AND SUPERIOR IN STYLE,
THE PRYZM MAKES ITS PRESENCE FELT,
ADMIRER AND DESIRED.

INTRODUCTION TO TIMBER

PRYZM fireplaces feature a sleek, innovative design with clean lines and a distinctive silhouette.

Available in various timber finishes, they suit a range of interior styles. Wall-mounted or floorstanding, these easy-to-install centrepieces need no chimney, flue, or messy building work.

For Vardo suites, an optional plinth can be added for a floorstanding look—just slide it into place. Transform your space with PRYZM's modern elegance.

POWERED BY: ARTEON 600/750-3SP

A white fireplace with a fire burning inside, set in a modern living room with white cabinetry and decorative items. The fireplace has a white mantel and a white surround. On the mantel, there is a white vase with dried flowers, a black mirror, and two black candlesticks. To the left of the fireplace, there is a white cabinet with a dark wood candle holder. To the right, there is a white cabinet with a white lamp and a stack of books. The floor is made of light-colored wood, and a white rug is partially visible in the foreground.

PRYZM:

UNIQUE FLAME & FUEL BED EFFECTS
ACROSS A STUNNING RANGE OF DESIGNS

INTRODUCTION TO FIRES

Whatever kind of fireplace you choose, the centre attraction is the fire itself, inset into the back panel, or hole in the wall to create a modern aesthetic.

Whether you are replacing a gas or coal fire or installing a natural focus to a room with no existing fireplace, choosing electric allows you to connect with clean, instant, efficient and thermostatically controlled heat.

BENEFITS

With an electric fire you don't need to generate heat to enjoy its comforting glow. The LED flame effect only control option, lets you experience it any time of the day or year.

EFFICIENT

Enjoy the convenience of efficient, instantly controllable heat and clean maintenance free living. By itself the LED only effect consumes between 9 & 21 watts of energy.

UNIQUE FEATURES

- | | | | |
|---|---|---|--|
|  | Up to 2kW or 1.5kW* heat output |  | Realistic, hand painted, loose log display |
|  | 5D flame effect with three flame colour settings |  | Down lights illuminate the loose logs |

THE NEXT GENERATION

The my PRYZM App lets you easily create the perfect ambience—whether classic flames, modern effects, or seasonal light shows in many colours. The ARTEON 16 offers fascia designs like Ray, Devotion, and Cast Stove Front, while the ARTEON 22 has Ray and Cast Stove Front options. Spacer frames for Ray and Devotion reduce the rebate to 75mm. Elevate your style with the ARTEON collection.

16 RAY FASCIA

The Ray fascia has a modern minimal profile and is ideal for marble or timber surrounds. Available in a choice of 2 finishes.

CHROME

BLACK NICKEL

16 DEVOTION FASCIA

The Devotion fascia offers a luxurious black finished framework that creates a striking contrast with the available Chrome or Black Nickel trims.

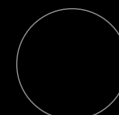

CHROME

BLACK NICKEL

16 CAST STOVE FRONT

Experience the timeless appeal of a real cast stove with the convenience of electric. Perfectly married with the ARTEON 16.

MATT BLACK

22 CAST STOVE FRONT

Enjoy the authentic stove experience with the Cast Stove Front in a sleek Matt Black finish, effortlessly attaching to our ARTEON 22 electric fire, allowing you to relish in adjustable flames and the classic stove aesthetic. Spacer frame unavailable.

MATT BLACK

22 RAY FASCIA

The Ray fascia's modern and sleek design is available in Chrome or Black Nickel finishes, hidden manual fire controls are accessed through a hinged fret; the ARTEON 22's versatile 22-16 inset design fits both 16" and 22" back panel cutouts, requiring a spacer frame for the 16" cutout.
